Collecting pupil information

Parents may withdraw consent at any time.

[For secondary schools: When pupils are deemed to be old enough to make their own decisions in relation to their personal data, we will also ask the pupil for their consent in these circumstances. This will usually be around the age of 13. Although parental consent is unlikely to be needed, we wish to take a collaborative approach so we will keep parents informed when we are approaching pupils for consent up to the age of [16, *is suggested schools to decide if this is the appropriate age*]. Pupils with the maturity to make their own decisions about their personal data may withdraw consent if consent has previously been given.]

We do not share information about our pupils with anyone without consent unless the law allows us to do so. We share pupils' data with the DfE on a statutory basis. This data sharing underpins school funding and educational attainment policy and monitoring. We are required to share information about our pupils with the DfE under regulation 5 of The Education (Information About Individual Pupils) (England) Regulations 2013. We will also be required to share data for safeguarding reasons as detailed in the Government's Guidance 'Keeping Children Safe In Education'.

Youth support services

What is different about pupils aged 13+?

Once our pupils reach the age of 13, we also pass pupil information to our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year

olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- youth support services
- careers advisers

A parent / guardian can request that **only** their child's name, address and date of birth is passed to their local authority or provider of youth support services by informing us. This right is transferred to the child / pupil once he/she reaches the age 16.

[For Secondary Use if relevant]

Our pupils aged 16+

We will also share certain information about pupils aged 16+ with our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- post-16 education and training providers;
- youth support services;
- careers advisers.

For more information about services for young people, please visit our local authority website.

The National Pupil Database (NPD)

The NPD is owned and managed by the DfE and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the DfE. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013.

To find out more about the pupil information we share with the DfE, for the purpose of data collections, go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

To find out more about the NPD, go to <https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information>.

The DfE may share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- conducting research or analysis
- producing statistics
- providing information, advice or guidance

The DfE has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data;
- the purpose for which it is required;
- the level and sensitivity of data requested; and
- the arrangements in place to store and handle the data.

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.

Requesting access to your personal data

Under data protection legislation, parents and pupils have the right to request access to information about them that we hold ("Subject Access Request"). Where a pupil does not have the maturity to make their own requests for personal data, parents may do so on their behalf in a primary school setting. To make a request for your child's personal data, or be given access to your child's educational record, contact one of the following; although any written request for personal data will be treated as a Subject Access Request.:

The Trust's Data Protection Officer: Mary Capon by writing to her at Aquinas Trust, Magpie Hall Lane, Bromley BR2 8HZ or emailing her at info@aquinatrust.org and inserting 'subject access request' in the subject box.

The Academy's Data Protection Lead: *[insert contact details]*

[For secondary use: From the age of 13, we generally regard pupils as having the capacity to exercise their own rights in relation to their personal data. This means that where we consider a pupil to have sufficient maturity to understand their own rights, we will require a Subject Access Request to be made by the pupil and not their parent(s) on their behalf. This does not affect any separate statutory right parents might have to access information about their child.]

Subject to the section below, the legal timescales to respond to a Subject Access Request is one calendar month. As the Academy has limited staff resources outside of term time, we encourage parents / pupils to submit Subject Access Requests during term time and to avoid sending a request during periods when the Academy is closed or is about to close for the holidays where possible. This will assist us in responding to your request as promptly as possible. For further information about how we handle Subject Access Requests, please see the Trust's Data Protection Policy.

Parents of pupils who attend academies have a separate statutory right to receive an annual written report setting out their child's attainment for the main subject areas which are taught. This is an independent legal right of parents rather than a pupil's own legal right which falls outside of the data protection legislation; therefore, a pupil's consent is not required even where a pupil is able to make their own decisions in relation to their personal data, unless a court order is in place which states otherwise.

The term "parent" is widely defined in education law to include the natural or adoptive parents (regardless of whether parents are or were married, whether a father is named on a birth certificate or has parental responsibility for the pupil, with whom the pupil lives or whether the pupil has contact with that parent), and also includes non-parents who have parental responsibility for the pupil, or with whom the pupil lives. It is therefore possible for a pupil to have several "parents" for the purposes of education law.

You also have the right to:

- object to processing of personal data that is likely to cause, or is causing, damage or distress;
- prevent processing for the purpose of direct marketing;
- object to decisions being taken by automated means;
- in certain circumstances, have inaccurate personal data rectified, blocked, erased or destroyed; and
- claim compensation for damages caused by a breach of our data protection responsibilities.

If you have a concern about the way we are collecting or using pupil data, you should raise your concern with us in the first instance by contacting the Trust's data protection officer or the Academy's data protection

lead. Alternatively, you can contact directly the Information Commissioner's Office at <https://ico.org.uk/concerns/>
