

AQUINAS Church of England Education Trust

"Life - Transforming - Learning"

Policy Title:	SINGLE EQUALITY SCHEME AND STATEMENT
Responsibility:	CEO
Review Body:	Board of Trustees
Date:	September 2016
Review:	September 2018

BACKGROUND

The Education and Inspections Act 2006 inserted a new section 21(5) to the Education Act 2002 introducing a duty on academies to promote community cohesion. Community cohesion encompasses the promotion of good relations between learners from different races, faiths/beliefs and socio-economic backgrounds. The duty came into force on 1 September 2007.

Additionally in 2007, the then Department for Children, Schools, and Families (DCSF) produced a single equality scheme (SES). The Equality Act 2010 consolidated equality legislation and brought about a statutory requirement for public bodies to have such a scheme. It also had the effect of replacing all previously existing legislation e.g. the Race Relations Act, Disability Discrimination Act and the Sex Discrimination Act.

This single equality scheme (SES) integrates the general duties that apply to public bodies including academies, and extends to all groups with protected characteristics; specifically in relation to race, disability, sex, age, religion or belief, sexual orientation, pregnancy and maternity and gender reassignment. The duties cover staff, learners and people using the services of the Aquinas Church of England Education Trust (the Trust) academies. (A person's age is a protected characteristic in relation to employment and services, but does not apply to learners in academies.)

The over-arching statement includes priorities and actions to eliminate discrimination and harassment for all and particularly those groups with protected characteristics. The aims of these duties are to:

- eliminate unlawful racial, age, disability, gender or sexual orientation discrimination and harassment;
- promote equal opportunities;
- promote positive attitudes towards and between disabled persons, persons of different racial groups and genders, and sexual orientation.
- ensure that no employee suffers disadvantage or discrimination because of their age, or because of pregnancy and maternity.

THE TRUST'S EQUALITIES SCHEME/STATEMENT

This scheme has been developed with the Trust's Christian values and principles as its basis. All employees are required to support the Christian ethos of the Trust in their professional life, in the tradition of the Church of England. Recruitment policies reflect the requirement as the law allows and admissions policies are formulated in accordance with the Code of Practice for Admissions for faith schools.

The entitlement to develop, learn and work in an environment free from discrimination is implicit in the Trust's Christian ethos, the core of which is the ultimate worth and dignity of every human being before God. Central to the Trust's mission is the promotion and understanding of human diversity in the community which is positive and celebrated. No member of the Trust community shall suffer unfair direct or indirect discrimination on the basis of race, disability, sex, age, religion or belief, sexual orientation, pregnancy and maternity, and gender reassignment.

Allegations of victimisation or harassment associated with discrimination shall be investigated and pursued in line with the Trust's grievance and discipline policies.

The Trust recognises that in some cases it may be necessary to put in place more favourable treatment for some individuals or groups in the interests of securing sustainable equality or access and opportunity.

The assurance of equality of opportunity and freedom from discrimination must permeate all aspects of Trust life, including:

- Teaching, learning and assessment
- Behaviour and sanctions
- Student rewards
- Advice and guidance
- Personal development and pastoral care
- Extra curricular opportunities and participation
- Admissions and attendance
- Curriculum and options
- Staff recruitment, promotion and professional development
- Partnerships with parents and communities

Equal opportunities is not about treating everybody the same. It is about meeting people's individual needs and appreciating their individual strengths and gifts. Everyone is different and all should be equally valued. Everything that follows in this Policy is to help everyone involved make our academies real equal opportunities and inclusive environments.

AIMS

- We aim to offer an education appropriate to each individual student's needs.
- With regard to the revised SEN Code of Practice index for inclusion and the social inclusion initiatives, we aim to ensure equal access to educational opportunities for all our learners, and the opportunity to reach levels of attainment appropriate to their ability.
- To encourage our learners to value their own cultural heritage and the culture and lifestyles of others, and to show respect for self and others while at the same time finding common ground to talk to one another and valuing living together in a community.
- To ensure that every member of staff accepts responsibility for establishing a reasonable environment for debate and extending opportunities for controversial discussion. They will address widely held misconceptions to avoid the risk of learners with limited experience arriving at consensus views of doubtful validity.
- To ensure the provision of genuine equality of opportunity is inherent in the education the Trust offers.
- The curriculum opportunities must be open to all and post-16 provision must give access for both sexes to all subjects.

- The Trust will challenge any gender stereotyping, which leads to constraints on the development of learners' abilities and aspirations and should include the opportunity to study multicultural issues as an intrinsic part of all programmes and teaching.
- The Trust will demonstrate the unacceptability of attitudes, incidents, taunts or remarks that give offence, intimidate, devalue another's view or opinion, or undermine another's self-esteem.
- We aim to ensure that everyone at our Trust academies, (staff, learners, parents, carers, contractors and visitors) are afforded the basic rights of freedom and access to opportunity, including freedom from all forms of harassment or bullying.
- We aim to ensure that active encouragement is given to all learners in order to enable them to develop fully their talents and personal skills for co-operative interaction and academic excellence. No one person has the right to deny another person his or her educational opportunity.
- We regard all our learners as being of equal value and will ensure that the needs of all learners are identified and met, and that they are able to achieve their full potential, helping to raise standards across the Trust.
- We aim to challenge in a positive way any form of prejudice, whether overt or covert, which contradicts this single equality scheme. This means adopting a consistent and unambiguous stand, from which we strive to overcome prejudice and ensure equality of opportunity for all, thus protecting the rights and liberties of every individual.
- We aim to create and retain a workforce that is valued for its diverse contributions and represents different perspectives, ethnic backgrounds, experience and skills. To achieve this, the Trust will maintain strong community/parental links and Aquinas Advisory Councils will give support to their academies and its stakeholders, to ensure an effective educational delivery.
- Where contractors are working on site, measures will be taken to ensure, as far as possible, that their employees operate according to the Trust's equal opportunities policies.

In addition, the Trust has taken steps to ensure that all its contracts that process data have the GDPR compliant provisions.

EVALUATION

Heads, supported by the academy's Aquinas Advisory Council (AAC), will be required to draw up equality objectives every four years and annually publish information demonstrating how they are meeting the aims of the general public sector equality duty.

Additionally, this policy will be monitored in line with our practice for the monitoring and review of all policies, to ensure its effectiveness through each academy's self-evaluation processes. Evidence will be sought to confirm that the policy is promoted effectively to all stakeholders, ensuring that staff, learners and parents understand and meet their responsibilities. The effectiveness of the policy will be confirmed by its impact upon the raising of all learners' levels of attainment, together with an increased inclusive atmosphere for all stakeholders and towards particular goals such as maintaining the gender/disability/racial balance within the staffing establishment, including at senior level.

The revision of the policy will be ongoing, ensuring the involvement and commitment of the whole Trust community. The statement will be reviewed annually.

The single equality scheme should impact upon all the policies and procedures in the Trust and all other academy policies and procedures will be assessed to ensure their compliance with this scheme.

PROMOTION OF DISABILITY EQUALITY

The disability provisions in the Equality Act mainly replicate those in the Disability Discrimination Act (DDA) 2005 and place a general duty on schools, requiring them to have due regard for the following when carrying out and delivering services:

- Promoting equality of opportunity between disabled people and other people.
- Eliminating discrimination and harassment of disabled people that is related to their disability.
- Promoting positive attitudes towards disabled people.
- Encouraging participation in public life by disabled people.
- Taking steps to meet disabled people's needs, even if this requires more favourable treatment and requiring that reasonable adjustments are made where needed.

Promoting disability equality

This Trust operates in ways to ensure each and every person at our academies who has a physical or mental impairment that has a substantial adverse effect on his or her ability to carry out normal day-to-day activities is treated without disadvantage. We will take reasonable steps to avoid disadvantage.

Disability equality will be inherent in the Trust's policies and woven into the culture of our Trust in practical and demonstrated ways.

Each year representatives of our disabled children, and/or their parents, will review each of the relevant academy's practices and procedures with the Learning Access Director/Special Educational Needs Coordinator. This will be reported to the Head.

Each academy will maintain information about all the academy members who have a condition that has a substantial and long term adverse effect on that person's ability to carry out their normal day-to-day activities.

Each academy will advertise the name of the designated lead professional for the disability equality scheme (DES), who in addition to the annual review, will also ensure that disabled academy members are involved in discussions about policy or practice changes that occur at times during the year.

The lead professional for DES will involve disabled academy members and others in the production, delivery, monitoring, and evaluation of disability equality which will be included in the annual Improvement Plan for each individual academy.

Monitoring disability equality

- Heads will ensure that matters of confidentiality are dealt with appropriately. They will ensure parents/carers and members of staff understand which impairments and health conditions meet the definition of disability and why it is important that the academy has information about disability and health conditions.
- In order to monitor the effectiveness of our policies and practices, all staff members will be given the opportunity to raise personal issues throughout the school year.
- The academy will make sure learners feel comfortable in school and confident to raise any issues or difficulties they have which may be as a result of an impairment or health condition.
- When admitting new learners to a Trust academy we will ensure information about disability is shared.
- When appointing new staff, we will ensure that our arrangements for recruiting, developing and retaining disabled employees promote equal opportunities.

- The HR Department will collate information about the recruitment, development and retention of disabled employees based on data collection and on staff interviews. The results will be reported to the CEO who in turn annually updates the Trust Board.
- The lead professional for DES will collate information about the educational opportunities available to and achievements of disabled learners based on data collection and on student/parent interviews. The results will be reported to the Head, together with an evaluation of the efficacy of the academy's arrangements for disability equality.

Developing disability equality

Each lead professional for DES will gather together all the information relating to disability equality in order to inform the Improvement Plan (SIP) for the academy. The SIP will incorporate success criteria against which progress will be measured.

A key feature of the evaluation of our disability equality scheme will be its impact on disabled children and adults. The review process will focus on the extent to which we have taken the right actions and the extent to which activities do not inadvertently disadvantage disabled learners, employees, parents and carers and any other disabled people using the academy's facilities.

All SIPs will incorporate a timetable for action. Specific goals will be set for improving the educational attainment of disabled learners though regard will always be given to the extent to which the gap between disabled and non-disabled children can reasonably be achieved in the case of those disabled learners who also have special educational needs.

As well as evaluating the actuality of the impact of our policies and practices, the lead professional will seek the perceptions of disabled learners and their parents and report this to the Head.

Monitoring

- The impact of policy and practice will be monitored against the stated goals of the SIP and any subsequent action.
- Academy leaders will evaluate the impact of policy and practice using the published success criteria.
- AAC will formulate a response to the progress made and the impact of policy and practice and their views will be taken into the record of the AAC meeting.

A decision will be made each year by the Head, on the recommendation of the Lead Professional for DES and based on the actual number of learners and staff who are disabled, as to the method of gathering the perceptions of disabled learners and/or their parents and members of staff. The outcomes will be recorded, considered by leadership, reported to the AAC and acted upon accordingly.

The lead professional for DES will maintain records of the Disability Equality scheme and the subsequent annual action plans. The disability equality scheme will be reviewed every three years. Involvement of parents, carers and learners will be maintained throughout the school year.

The views of the AAC will be contained in the minutes of meetings of the AAC.

Every effort will be made to use plain language in the action plans to secure maximum clarity and understanding.

Each academy will document and maintain records with regard to:

- Disability equality consultations, including staff member/student/parent/community members.
- Disability equality recruitment, retention and development.
- Disability equality educational opportunities, achievements and development of disabled learners.

PROMOTING RACIAL EQUALITY

This section reflects the general duties of academies in respect of race equality.

The general race equality duty requires us to have due regard to the need to:

- Eliminate racial discrimination.
- Promote equality of opportunity.
- Promote good relations between people of different racial groups.

Aquinas Church of England Education Trust is a multi-cultural, multi-racial community. We believe that everyone in the Trust is of equal value and should have equal opportunities in school and the community, and in life.

With regard to the statutory code of practice on the duty to promote race equality, we aim to tackle racial discrimination and to promote equality of opportunity and good race relations across all areas of activity.

Aims

- Our main aim is to offer an education appropriate to each individual student's needs regardless of their race, colour, ethnic or national origins, or religious beliefs.
- With regard to the provisions of the Equality Act 2010 and the Public Sector Equality Duty, we aim to tackle racial discrimination and to promote equality of opportunity and good race relations across all areas of activity.
- We aim to ensure that everyone at our academies (staff, learners, parents, contractors and visitors) is afforded the basic rights of freedom and access to opportunity, including freedom from all forms of harassment or bullying.
- To take direct action (including providing resources and mentoring/counselling support) to remove inequalities between racial groups in their levels of achievement and progress; and their experience of disciplinary measures (such as exclusions), admissions, or assessment. This will be reflected in individual development plans (IDPs), with particular emphasis on action plans promoting social inclusion and raising the levels of attainment of all learners.
- To foster self-esteem and respect for each person as an individual and to create a positive and inclusive atmosphere where there is a shared commitment to respect diversity and difference, challenge and prevent racism and discrimination, and encourage good relations between people of different racial groups.
- To prepare learners to be good citizens, living and working in a multi-ethnic society and to take up the responsibility of participation, and to treat all others as we would wish to be treated. The citizenship education programme and the agendas of year and academy councils will play key roles in achieving this objective.
- Where contractors are working on site, measures will be taken to ensure, as far as possible, that their employees operate according to this policy.
- To create and retain a workforce that is valued for its diverse contributions and represents different perspectives, ethnic backgrounds.

Developing racial equality

- All learners will be encouraged to value their own cultural heritage and the culture and lifestyles of others, and to show respect for themselves and others while at the same time finding common ground to talk to one another and valuing living together in a community.
- Every member of staff needs to accept responsibility for establishing a reasonable climate for debate and extending opportunities for controversial discussion. They must address widely held misconceptions to avoid the risk of learners with limited experience arriving at consensus views of doubtful validity.

- The provision of genuine equality of opportunity must be inherent in the education our academies offer. Curriculum opportunities will be open to all. Our academies will challenge any gender stereotyping, which leads to constraints on the development of learners' abilities and aspirations and will include the opportunity to study multicultural issues as an intrinsic part of all programmes and teaching.
- Our academies will demonstrate the unacceptability of attitudes, incidents, taunts or remarks that give offence, intimidate, devalue another's view or opinion, or undermine another's self-esteem.
- More specifically this means the following codes of practice for staff, learners, parents and carers, visitors and contract staff.

All of the provisions of the over-arching single equality scheme apply to the racial equality provisions.

Monitoring

Each academy will document and maintain records with regard to:

- Race equality consultation record, including staff member/student/parent/community members.
- Discussions relating to race equality, with staff member or other adult. (This record may be completed by the individual academy member, or by the staff member conducting the discussion. If issues of confidentiality arise, the record may be completed anonymously and coded for accountability purposes.)
- Discussions relating to race equality, with student or other young person. (This record may be completed by the individual academy member, their parent or carer or by the staff member conducting the discussion. If issues of confidentiality arise, the record may be completed anonymously and coded for accountability purposes.)
- Race equality recruitment/retention/development record including race distribution in relation to staffing appointments/establishment.
- Racial equality education record, including educational opportunities, achievements and development of learners and staff.

PROMOTING GENDER EQUALITY

We will actively seek to:

- Eliminate unlawful discrimination and harassment.
- Promote equality of treatment between males and females.
- Protect the dignity and privacy of transgender persons.

The production of this gender equality guidance, within the single equality scheme, provides a framework for integrating gender equality into all aspects of Trust and academy life and demonstrates how the Trust will seek to fulfil the specific duty.

Note: definition of 'gender'

'Gender' in this context refers to society's construction of a system which identifies what is masculine and feminine. Individuals incorporate this system to develop their gender identities. It is not directly to do with the biological differences between male and female.

Aims

- To seek to ensure that there is a fair gender balance so far as is possible.
- To provide successful positive role models from both gender groups to support our work-related learning programme.
- To identify and seek to eliminate stereotypes in curriculum content. In particular, to challenge perceptions that certain subjects are appropriate mainly to boys. For example, science and technology are seen as 'male' subjects whereas English, languages, drama and food technology are traditionally 'female' subjects and should be studied by girls.

- Opportunities to participate in all types of sports and also in dance will be equally available to boys and girls.
- Programmes will target underperformance by certain groups of boys.
- Sex education will include gender specific programmes to deliver sexual health education.
- Discrimination, bullying, harassment of all children, young people and adults will be dealt with according to our stated policies, regardless of gender.
- To ensure that the lettings policy does not have any unnecessary discriminatory elements. In particular to look at the safety and security provision for evening lettings.
- Where contractors are working on site, measures will be taken to ensure, as far as possible, that their employees operate according to the principles of this policy.
- To ensure that our admissions and exclusions patterns operate fairly and are not biased towards one or other gender.
- To challenge sexist behaviour in whatever form it takes. We shall actively encourage boys and girls to respect each other as equals and make clear the unacceptable nature of violence, especially against girls and women.
- The Trust and academies must be seen to seek to employ, promote and train men and women equally at all levels and in all phases of education and childcare.
- We will not tolerate harassment of people based on their gender or transgender status.
- To encourage parents and carers of both genders to attend parents' evenings and to become involved in the academy's learning environment.

Developing Gender Equality

- Each lead professional for Gender Equality will gather together all the information relating to gender equality in order to inform the Improvement Plan for the academy (SIP). The SIP will incorporate success criteria against which progress will be measured.
- The review process will focus on the extent to which we have taken the right actions and the extent to which academy activities do not inadvertently disadvantage either gender.
- As well as evaluating the actuality of the impact of our policies and practices, the lead professional will maintain a voice for all learners, staff, parents and carers to evaluate whether the Trust and academies is carrying out its duties in the context of gender equality.
- The Head will formulate a response on the progress made and the impact of policy and practice..

Each academy will document and maintain records with regard to:

- Gender equality consultation record, including staff member/student/parent/community members.
- Discussions relating to gender equality with staff member or other adult. (This record may be completed by the individual academy member, or by the staff member conducting the discussion. If issues of confidentiality arise, the record may be completed anonymously and coded for accountability purposes.)
- Discussions relating to gender equality with student or other young person. (This record may be completed by the individual academy member, their parent or carer or by the staff member conducting the discussion. If issues of confidentiality arise, the record may be completed anonymously and coded for accountability purposes.)
- Gender equality recruitment/retention/development record including gender distribution in relation to staffing appointments/establishment.
- Gender quality education record, including educational opportunities, achievements and development of learners and staff.

What to do if we witness actions which are prejudice?	How do we report these/record?	What sanction?
<p>Situation 1: <u>Misuse of terms that may offend</u></p> <p><i>'That's so gay', 'that is mental', 'stop acting like a girl'...</i></p> <p>To deal with this – you MUST challenge the student. Something like 'why have you just said this? Why use this term in a negative way? How might your actions have caused offence? That's totally inappropriate, do you know why?'</p>	<p>After each situation YOU MUST log this on eportal. All you have to do is click on the button for a racist or homophobic incident OR for any other type of prejudice just click on the other button and then write a brief description</p>	<p>Challenging a first time incident should hopefully make the student think twice before acting in this way again SO NO FURTHER SANCTION is required for a one-off incident.</p> <p>However, IF REPEATED, the form tutor needs to 're-educate' the student.</p> <p>MORE THAN 2 OCCASIONS = YC involvement and sanctions according to the behaviour and anti-bullying policies.</p>
<p>Situation 2: <u>Direct name calling</u></p> <p><i>"You are gay/queer/homo...", 'you are a spastic'</i></p> <p>To deal with this – If you deem that what the student has done has caused offence to another or their aim was to cause offence you should challenge (as with situation 1) BUT also refer this to the student's pastoral leader. It is also ABSOLUTELY CRUCIAL that you support and care for the victim.</p>	<p>AS ABOVE</p> <p>BUT the form tutor/pastoral leader MUST be involved.</p>	<p>The form tutor/pastoral leader MUST give a sanction, e.g. a phone call home, detention, community service...</p>
<p>Situation 3: <u>You are told by a student that they have witnessed or been a victim of some form of prejudice/discrimination.</u></p> <p>To deal with this – tell the student that you will refer this to the form tutor (and then maybe the pastoral leader if you deem it very serious) to investigate.</p>	<p>AS ABOVE</p> <p>BUT the form tutor/pastoral leader MUST be involved.</p>	<p>This will totally depend on the investigation by the form tutor/pastoral leader.</p> <p>The form tutor/pastoral leader should continue to follow the academy's behaviour and anti-bullying policies for an appropriate sanction.</p>
